

NOVAtime Phone-In System

TIME TRACKING FOR YOUR MOBILE WORKFORCE
USING YOUR EXISTING TELECOMMUNICATION INFRASTRUCTURE
TO MANAGE AND TRACK YOUR WORKFORCE
ANYTIME, ANYWHERE!

Where are you going to work today?

The ideal workforce management solution for construction businesses, housekeeping services, home health care, and other mobile businesses:

- ✦ Do you have employees who work among multiple locations?
- ✦ Do you need a job transfer as your employees work from one location to another?
- ✦ Do you have a need for labor distribution or client billing for your mobile workforce?

Labor management starts here with NOVAtime Phone-In System...

✦ **Using caller ID/telephone number, you can:**

- * Correctly identify that our employees have arrived at their assigned workplaces.
- * Automatically transfer from one job to another as your employees call in to work.
- * Accurately distribute their work hours to support your client billing.

✦ **Your employees can check their work schedules:** Schedules are available immediately for your employees to call in to verify.

✦ Plus many more features...

**NOVAtime
Phone-In System
delivers efficient
workforce
management
anytime,
anywhere.**

*“I was completely
amazed with NOVAtime’s
phone-in solution and
pleasantly surprised with
many great easy-to-use
features!”*

**Ideal for companies
with employees who
telecommute, or work
at many locations or
remote job sites!**

NOVAtime Phone-In

System Requirements:

- * Telephone server with dialogic card(s) - Supports up to 32 phone lines per server.
- * The same Microsoft® SQL database as the NOVAtime 3000 Enterprise Edition.

Exclusively packed with many incredible features:

✦ Great caller ID related features:

- You can assign employees to punch from a designated list of telephone numbers for the entire company or based on their home department.
- You can set up automatic job transfers when your employees punch in from a specific phone number.

✦ **Lock out, to prevent employees from punching outside of their assigned schedules:** Labor cost control starts here.

✦ **Work schedule updates:** Real-time schedule updates by your supervisors, real-time schedule updates to your employees!

✦ **Voice mails from supervisors direct to their employees:** Efficient communication, thanks to NOVAtime Phone-In.

✦ **No data collection, no polling:** Immediate access and availability of your employees’ time punches from your NOVAtime system.
