Happy Summer!!

Welcome to Pacific Time Systems' first ever Time & Attendance Newsletter!! PTS has been fortunate enough to work with businesses and alliances such as yourselves for many years and would like to effectively share useful information regarding new product features, upcoming releases and helpful labor related articles. Although a few advisements have been generated, we've struggled to develop a consistent means of communications with our valued business partners.

Well, we've waited long enough and have decided to put a "little action" around the concern ...And her name is "Edith Valadez". Edith has recently joined PTS to assist us with overall communications in all of its various shapes and sizes. She will be responsible for ensuring you have the information and knowledge you need to effectively utilize the products and services we provide.

On this note, please keep an eye out for "THE BULLETIN", PTS's new Newsletter which will begin to be issued on a monthly basis. We'll do our best to keep these communication lines open and look forward to receiving your feedback.

Once again, welcome to THE BULLETIN!

Sincerely,

Your PTS Support Team

Note: Please be sure to allow "pop-ups" for the newsletter to display the appropriate articles. The articles are provided in Adobe PDF format.

___Labor Relations:___ Sick Leave Abuse

A Chronic Workplace

Do you find that your employees are missing-in-action on a more frequent basis? Unscheduled worker absences are increasing and, according to various surveys, governmental agencies have the largest number of absences. According to CCH Incorporated, a company that produces electronic ...

___Did You Know?___ Improve NOVAtime Performance

You can improve NOVAtime Performance by Moving Data to History?

Have you noticed that it takes much longer to open and save changes in your timesheet screen than it used to? This happens slowly over time so its easy not to notice the slower performance, until one day you realize how sluggish its become.

Heavy Holiday Season is Coming Up! Please remember to input your holidays for the upcoming months. This prevents the need to input holidays into timesheets for each employee manually. NOVAtime posts these holidays to your timesheet during the payroll process for all employees if they meet the pre-configured criteria you've defined. Feel free to call us if you have any questions or follow these simple instructions on how to update your holidays....
