New Product Announcement!!

PTS is happy to introduce the first of many new and exciting product offerings - NOVAtime 4000! NOVAtime 4000 is a web-based hosted service which is a great solution for companies with multiple locations but no IT support staff...for those of you who have inherited that IT "hat" - this may be a good solution for you...please read on for more details. This months newsletter also brings another very important announcement: PTS is taking proactive steps towards helping it's clients with obtaining the California Wage & Hour law knowledge needed to effectively manage daily employment operations. We've teamed up with Fisher & Phillips Attorneys At Law of Irvine, CA who specialize in California's Wage & Hour Law. With this in mind, we'd like to send a reminder regarding PTS's first NOVAtime user conference which is scheduled for Friday June 15th , 2007 at 8:30a. This will be an important conference, as PTS has arranged to have a representative of Fisher & Phillips review the most critical components of today's labor law guidelines with the group and we'll provide some time for questions & answers. Join us for what we hope will be an informative conference! Thank you for reviewing this month's newsletter.

>New Software Solution!!

Pacific Time Systems is offering the effective features and capabilities of the NOVAtime 3000 Web Based Time & Attendance Software in a monthly hosted service solution! "NOVAtime 4000" is an

Enterprise level system that provides web services for companies with single or multiple locations requiring access to employee web punch, online timesheet edit/approval, etc. all via a monthly hosted service. The solution is ideal for companies that do not have the necessary IT support or infrastructure to support products like the NOVAtime 3000 which is maintained on a local server.

As an introductory offer, PTS is now offering a 10% discount off the PEPM (per employee/per month) cost for the first 6 months of service when a one year agreement is signed!! This offer is available until July 31, 2007 for existing customers of PTS. Please contact us if you believe the NOVAtime 4000 may be a good solution for your operation or a similar local business. A PTS systems consultant will provide a complete overview of the service as well as the appropriate pricing details.

>PTS Partners with Fisher & Phillips of Irvine, CA

Pacific Time Systems has worked with many different companies over the years and has learned a great deal with regard to configuring various wage and labor guidelines. This assists our clients with generating key payroll data and labor costing reports. Despite our learnings over the years, PTS has of course never been in a position to provide the labor law expertise needed by many of your operations. As most of you know, NOVAtime allows for a great deal of flexibility in configuring various wage and labor laws - but are we sure the guidelines meet standard California Wage & Hour Law?

With this question in mind, Pacific Time Systems has recently teamed up with Fisher & Phillips Attorneys At Law of Irvine, CA who specialize in labor law. Our first exposure to the expertise of Fisher & Phillips will be at the upcoming PTS User Conference on Friday June 15, 2007. John K. Skousen of Fisher & Phillips will review some of the most critical wage & hour guidelines for all of us to consider as we continue to utilize the features of NOVAtime to help manage our employees. In addition to this initial introduction, Pacific Time Systems will continue to work with Fisher & Phillips to offer special consultation packages for our clients in hopes of assisting them with understanding the basic labor law requirements of California. In addition, Fisher & Phillips will help to provide various news articles related to the ever- changing labor laws to help us stay in touch with new legislation and activity as it relates to employment law. We'll certainly send more information as it becomes available but please contact us if you have an immediate need for the services of Fisher & Phillips and we'll put you in contact with the right person. In the meantime, please review the general information regarding Fisher & Phillips linked below. We hope this partnership proves to be beneficial to all of our clients.

>PTS User Conference '07

REMINDER: Pacific Time Systems is happy to announce it's first annual NOVAtime User's Conference scheduled for Friday June 15, 2007 from 08:30am - 12:30pm at NOVAtime corporate headquarters in Monterey Park, CA. The conference will provide refresher type training for new payroll administrators and an opportunity to view new products and solutions. Continental Breakfast will be provided. *****BONUS***** PTS has arranged to have a representative of Fisher & Phillips of Irvine, CA (labor law experts) available to answer some of your most commonly

asked questions....

Attached please find a revised agenda and registration form to ensure seat availability. Support Agreement clients of Pacific Time Systems are encouraged to attend at no charge. Non-Maintenance clients are welcomed as well for a reduced rate of \$75.00 for 4 hours of training and information sharing. Please complete the registration form and fax it to 714-223-7427 Attention: Tieraney Galvan or email it to tieraney@pactime.com. Please feel free to include your most critical topics as recommendations for the agenda. We look forward to seeing you in June!

>Product Releases

The following are the most recent version numbers for each of the NOVAtime software packages supported by Pacific Time Systems. Please review your NOVAtime software to determine if your system should be updated.

- NOVAtime 1000:Current Build: 060721
- NOVAtime 2000:Current Build: 060925
- NOVAtime 3000: R4(SP4) Current Build: 070309

Please follow the instructions below to confirm the version number you're currently using and determine if your system needs to be updated to the most recent release.

1. Login to NOVAtime
2. Click on the "Help" menu above the top toolbar.
3. Select "About NOVAtime"
4. Write down the Release and Service Pack Number found beside the NOVAtime Logo if applicable. (Example: R4(SP4))
5. Locate the "Current Build" & write down the Current Build Number: (For Example: 070309)
6. Email this information to support@pactime.com along with your contact info.

If your Version Numbers match the numbers above you're up to date. If not, we'll contact you to schedule a good time for the update which can range from 1 to 2 hours depending on the product you're using. There are no additional costs for PTS Clients who are utilizing a support agreement. For clients not currently on a support agreement, time will be billed at the prevailing support rate of \$125.00/hour. Please feel free to contact us with any questions. Happy Updating!

Sincerely,

PTS Support Team
Pacific Time Systems
